Minutes

1. To approve payment of Sustainable School Shop 2025/26 annual fee \$950

Nadine queried substantial increase from \$450 to \$950 - provider confirmed payment structure based on enrolment numbers, calculated mid-year according to the previous school year

> 500 = \$450 (GST Inc).

> 1000 = \$950 (GST Inc).

> 1800 = \$1,450 (GST Inc).

Provider also confirmed received service at no cost for the first two years and no cost set up fee (\$199) - standard policy for new schools.

Next invoice will be for \$1,450.

Trading activity report from SSS indicates 390 registered families using the service over last two financial years. If this continues for 2025/6 calendar year = \$3.70 / family. If calculated on basis of student population = 75c / student.

A good cost of living service / support.

Discussed alternatives for 2026/7 onwards = P&C running second hand shop; allowing items for sale on FB page. To be discussed further.

Promote Sustainable School Shop on P&C FB page - particularly at key buying times.

Decision

Approved for 2025/6 invoice.
