1. Funding request - \$2000, Professional Development

This request seeks \$2,000 in funding to support five BHC staff members' attendance at an Inclusion Education workshop led by Dr. Shelley Moore. This workshop, covering inclusive curriculum design and leadership, will be held on May 5th from 9:00 AM to 3:30 PM at Beaumonde On The Point, 306 Riverside Dr, East Perth.

This request was submitted by Kate Reid, BHC Program Coordinator: Inclusion and the P&C Inclusion Subcommittee supports this request.

There was a discussion about setting a precedent but decided that as BHC is a lead school on student well-being, this workshop and presentation is a huge and important opportunity for the Inclusion Staff to attend. It is expected that the staff will take their learnings back to the school to share with peers in order to direct the supportive and educational path of BHC towards the students.

Motion - to support this request
